## Selectmen's Meeting

SELECTMAN WILL NOT SEEK REELECTION

R. William Blasdale, chairman of the Mattapoisett Board of Selectmen, announced at last week's meeting that he will not seek a third term this year. He said that he is making the announcement at this time to allow ample time before the town election for those who seek the seat to prepare. He said that the increasing demands of his business and responsibility to his family led to the decision not to run for the town

The term "Gypsy" is a corruption of the word "Egyptian." People mistakenly believed that the gypsies descended from Egyptians. In fact, they are probably the descendents of a nomadic tribe of northern India.

position he has held since 1975.

His statement is as follows:

TO THE VOTERS OF MATTAPOISETT:

For the past six years I have been honored and privileged to serve as a member of your Board of Selectmen. My second term is now drawing to a close, and it is time to indicate whether or not I will seek your support for a third term in office.

It is not an easy decision. On the one hand, I look back with pride and a sense of accomplishment at the good things which the Board of Selectmen - working as a team - has been able to do, with your help. On the other hand, I must weigh the ever-increasing responsibilities of my job and my family. One's role as husband and father must always come first; community service must come second. When there is simply not enough time to do both, the decision is clear. Accordingly, I will not seek re-election to the Board of Selectmen.

As I reflect upon the past six years, two thoughts recur with great regularity, and I would like to share them with you briefly.

First, our form of government requires - by definition - your participation. Demo-

cracy - at all levels - pre-supposes a well-informed, involved electorate. This is just as true in 1981 as it was in 1776. During the past few years I have watched an unfortunate trend developing - a tendency to leave things to others, or to the "professionals", while the rest of us sit home and watch T.V. This is not the way the system works. There is a great deal of talent in Mattapoisett in numerous different areas. This resource MUST be brought to bear in Town Government. Now, more than ever, Mattapoisett needs your help, your time, and your hard work.

Secondly, Mattapoisett is truly "special". We are blessed with a dedicated, hard-working group of elected officials, department heads, and employees. While there is always some disagreement as to means and ends (and this is precisely as it should be), and while the Town can always use more input from qualified individuals, I have observed that all our Town officials and employees share one common goal: what is BEST for Mattapoisett. In a day when politics and politicians are not held in the

highest esteem, we are indeed fortunate to have this kind of attitude and spirit at work in our Town government. And we've all got to work very hard to keep it alive and well.

In closing, please accept my warmest thanks for having afforded me the opportunity to serve you, and for your understanding and co-operation during the past six years. While my direct participation in Town government will be more limited in the future, my concern and my interest will continue unabated. Should circumstances permit, I would be honored to serve you once again at some future date.

## BUDGET CONFERENCE

Selectmen discussed the costs of town government with a view to next fiscal year's costs and the realities of tax limitation. The total '81 Fiscal Year Budget (excluding schools) was \$1,592,203.85. Approximation of the F.Y. '82 requests are \$1,676,147.47. The difference is \$83,943.62. In addition the Selectmen intend to include a cost of living increase for town employees. In discussion with the Finance Committee the Selectmen said that the budget is predominantly wages, fuel and energy, pensions and interest. These costs are fixed and so budget cuts will be determined by how much

or how little State aid is supplied.

Selectmen foresee that almost every budget must be trimmed and that some town services may have to be eliminated. It was suggested that the town beach season might have to be shortened, the band concerts limited, and the sports program curtailed.

A breakdown of appropriations for Fiscal '81 is as follows compared to the requests

#### POLICE CRUISER TRADE EXTENSION

Police Chief Duane Tuttle and Lt. James Moran met with Selectmen to discuss possible savings on cruiser trades. Selectman John DeCosta suggested a 15 month trade

on the cruisers rather than a yearly trade-in period. Chief Tuttle said that most repair needs occur at the last part of the year and that the cruisers are subject to high mileage under many drivers. He said that if the town had a full time mechanic and could get parts wholesale then a 15 month trade-in would be economically feasible.

He suggested that the unmarked cruiser which has lower mileage under fewer drivers

#### CLARIFICATION ON SCHOOLS

Selectmen received a letter from the Commissioner of Education and the Commissioner of Revenue concerning Proposition 2 1/2 and Fiscal Autonomy of Schools. The Statute as amended gives the Town Meeting the authority to determine the total appropriations or bottom line of the public school budget. The amendment does not allow the Town Meeting to limit or transfer specific appropriation items within the school budget. **SRPEDD VISIT**

Representatives of SRPEDD David Knight, Julia Enroth, Stephen Smith, Alex Zaleski and Rosemarie Carol visited Selectmen to offer to assist the town in any way with planning programs needed by Mattapoisett. They said that the regular meetings of that group have a new format to make them more valuable to the area towns with experts speaking on topics of concern to communities.

David Knight, Selectman of Carver, and chairman of the SRPEDD Committee, empha-

sized that the organization does not tell the towns what to do. Rather, they are concerned with furnishing help where there is something meaningful to the town. He cited the Town Wharf as an example of a

planning need of Mattapoisett.

Board of Selectmen Chairman R. William Blasdale suggested that the town has a need to update the Mattapoisett Master Plan. He said the town wharf is the town's greatest natural resource and that it needs to be looked at in relation to the whole waterfront area. The Selectmen agreed that a meeting between the SRPEDD board and the Mattapoisett Planning Board might be a most helpful beginning towards exploring the needs of the town and what SRPEDD has to offer in the way of help. It was agreed to arrange such a meeting in the near future.

FREE TRI-COUNTY PERFORMANCE

A Dixieland band from Mattapoisett's Old Hammondtown School will be featured at the free Children's Concert February 1st at Old Rochester Regional High School along with a narration of "Tubby the Tuba" and music from "Sesame Street".

Edwin "Ted" Babbitt from Marion will do the "Tubby" narration backed by tubaist Todd Hassett of Fairhaven and picollo player George Dietzler of Taunton.

Don't be surprised, say the directors of the Tri-County Music Association, if a couple of Sesame Street animal-types show up.

The program by John Pandolfi and the Regional Symphonic Band begins at 3 p.m. U.S. recording companies fund in whole or in part the instrumental music for this performance arranged by Local 214, American Federation of Musicians.

By Scott O'Dell.

2. "Custard and Company" by Ogden Nash; illustrated collection of humorous poems on a variety of topics.

3. "A Fine, Soft Day" by James Forman. Brian O'Brien, a Catholic boy in Protestant Belfast, caught between two philosophies

-- his father's, who believes fighting won't solve the problem, and his uncle's, who wants to blast the "Prods" and the British soldiers right out of Ireland.

4. "The Language of Goldfish". Thirteen-year old Carrie, clinging to memories of her idyllic early childhood, struggles to communicate with family and classmates. By Zibby Oneal.

THIS WEEK'S FILM

"Blithe Spirit" starring Rex Harrison and Kay Hammond, a color movie of the 1940's, is this week's film. Rex Harrison portrays a novelist whose life is complicated by the arrival of his first wife's ghost which has made his second and very earthbound wife quite jealous. The time is 7 p.m. on January 21st.

Library hours: Monday, 2-8; Wednesday, 10-8; Friday, 2-8; and Saturday, 1-5.

Here are some cold facts about snow: Did you know that snowflakes change directly from water vapor into snow without going through an intermediary stage as rain? The biggest snowflakes ever recorded fell in Montana in 1887. They measured 15 inches in diameter and were at least eight inches thick.

It was certainly a winter to remember—the winter of 1910-11. It included a snowfall to end all snow falls. In a one-month period, 390 inches of snow fell on the mountain town of Tamarack, California.

Plans for this program were initiated well over one year ago. Securing funds caused the delay. We are confident we can meet the cost with the effort of our community.

To finalize plans, on January 28 a meeting will be held at the O.R.R. High School cafeteria at 7 p.m. for all community members.

We will accept pledges from parents, students, teachers, interested citizens, businesses and churches in the local and surrounding communities of Old Rochester Regional. No amount is too small. A co-operative effort will bring this crusader to our community.

Contributions also may be made by calling: In Marion: 748-2197; In Mattapoissett: 758-6200, 758-6548, 758-3854; In Rochester: 763-5919.

will deliver a lecture and show slides entitled "Under Arctic Ice". Mr. DeCamp is no stranger to Marion, having spoken last winter to a full house on "Shipwrecks, Scuba and Sharks".

A graduate of Choate and Princeton, Mr. DeCamp has been a deep ocean scuba diver since 1956 and a photographer all his life. From Maine to the Bahamas, from Alaska to Antarctica, he has documented shipwrecks and explored the major oceans of the world.

Next week's lecture will feature a journey to the frozen vastness of the Antarctic to dive beneath the Ross Sea in the midst of a large Weddell seal colony. The camera takes you below the ice into a strange world never penetrated by man. This lecture results from Mr. DeCamp's participation in the United States Antarctic Research program, sponsored by the New York Zoological Society and the National Science Foundation.

The program, sponsored by Tabor's chapter of the Cum Laude Society, will be in Lyndon South at 7:30 p.m. It will be free

O'Leary with 402 for BowlMor bolted the  
door on Smitty's illusions of grandeur. A  
slight adjustment in technique suggested  
by "Ace" Graham enabled Eddie Swift (327)  
to take Sturtevant and Hook to a two point  
win over Herb Snell (324) and his T.V.  
shop team. That cocky Louie McKay spun  
his magic again with a 411 but could not  
subdue Eddie Strawn (387) long enough  
for Nanfelt's to win but one point from the  
No-Name team. Larry Gracia's old baggy  
sweat pants finally paid off as the pirate  
team, The Bowling Stones, ground out a  
two point win over Hartley's Mill. John  
Cebula (361), top man for Hartley's, was  
admittedly disturbed by the young man's  
garb and about half way into the second  
string offered him a free wash job in a  
most un-diplomatic manner. This disrup-  
tion was just the edge young Gracia was  
looking for as he erupted with a 374 to  
lead the Stones to a two point win in a  
tension filled confrontation.

## 7th Graders Visit O.C.

### EXPLORING CAREER OPPORTUNITIES AT OLD COLONY

On Thursday, January 8th, seventh graders from the Old Rochester Regional Junior High School paid a visit to the Old Colony Regional Vocational Technical High School in Rochester. The students were divided into small groups, which were then introduced to several aspects of the school's programs.

For example, one group learned about drill presses, lathes, and surface grinders in the school's Machine Shop. Under strict supervision, they were given a chance to operate the high-powered machinery, producing name-plates to take home.

Several students visited the Welding Shop. After a discussion of safety in the shop, they were guided through the construction of plant hangers, which they also took home.

Other groups learned about Offset Printing, Culinary Arts, Data Processing, Cosmetology, Drafting, Electronics, Electricity, and Health Services. They all received as much hands-on experience as time and safety allowed.

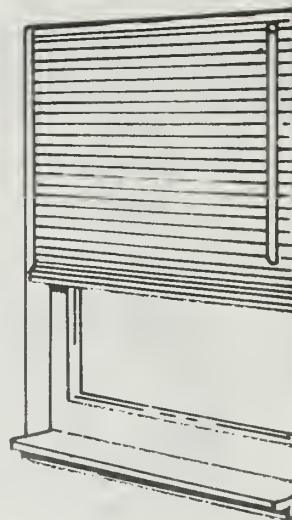

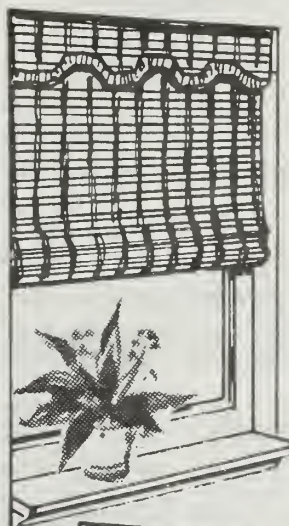

This afternoon program was developed by the Old Colony Regional Vocational Technical High School in cooperation with Old Rochester and other "feeder" school systems. Its purpose is to stimulate the thinking of

young students in regard to possible career choices.

Eighth grade students will be visiting the

Although you may look at the high scorer as the main player, this may not always be true. Coach Shockro told me, "If we (ORR) are going to win any games, they will be won through team play." He went on, "What would a high scorer be without guards and forwards to pass the ball into him? This season will be a team effort."

The girls' basketball team also has had an outstanding season with a record of 8-2 overall and a league record of 5-0. A breakdown of their games goes as follows: ORR 37-Bourne 29, Laura Verville and Gretchen Hamer had 10 each; ORR 52-Fairhaven 24, Verville and Tracy McGrath shot for 11; ORR 43-Falmouth 42; DY 44-ORR 38; Falmouth 61-ORR 58; ORR 52-Holy Family 24; ORR 49-Nantucket 22; ORR 56-Coyle 12. Ed Walsh and Jeff Rodman.

The state chairman for the event is Rick Robey of the Celtics. Any boy or girl, eighteen years old or under, can shoot baskets from anywhere on the basketball court for a three minute time period. Participants are encouraged to estimate the number of baskets they can shoot and obtain pledges on that number.

The prizes include T-Shirts, windbreakers, trophies, autographed basketballs, tickets to a Celtics game and an opportunity to meet and have a picture taken with Rick Robey.

Sponsor forms are available from Ed Walsh at the Junior High School. He can be contacted between 9:30-10:30 a.m. any morning. Anyone wanting additional information can contact the regional office of the Easter Seal Society, 676-1089, or call our toll free number, 1-800-922-8290.

## Musical "Androcles"

ANDROCLES AND THE LION IN FAIRHAVEN

The Fairhaven Rotary Club will present Aurand Harris' musical adaptation of Androcles and the Lion as performed by Your Theatre, Inc. of New Bedford.

Long a favorite of young and old alike, this delightful tale will be performed on Saturday, January 24, at 10:30 a.m. at the Hastings Junior High School auditorium in Fairhaven.

Featured in the cast, directed by Edward J. Maguire and assisted by Cynthia J. Messier, are: David Mendes, Phil Spindola, Lucy A. Bly, Stan Kreider, Robin Richard and Terri Cabral. Musical direction will be by Felix Fournier with accompaniment by Christine A. Boisvert.

Proceeds for this production will go to

## THANKSGIVING NOVENA TO ST. JUDE

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known, and cause you to be involved. Say three Our Fathers, three Hail Marys and Glories for 9 consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen. This Novena has never been known to fail. I have had my request granted. Publication promised.

## Human Services

### PROJECT S.A.F.E.

The need for self-education by Older Americans regarding the mixing of prescription and over-the-counter drugs and alcohol is an area of concern among professionals involved in improving the health of this rapidly growing group. With this in mind, Project S.A.F.E. (Substance Awareness for the Elderly) was initiated at the Marion Center for Human Services, Inc. in February, 1980, servicing the towns of Mattapoissett, Marion and Rochester.

This program expanded into greater New Bedford and Wareham in April 1980 and has been refunded for 1981 through the New Bedford Consortium and Coastline Elderly

Services to begin its second year of operation. In preparation for another year in-service training will be provided for staff

## Spend a little on window shades. Save a lot of energy.

According to a recent study by the Illinois Institute of Technology, window shades save energy and money, too. Shades reduce heat loss in winter by 31% - saving you 10% in fuel costs. In summer shades reduce heat gain by 50% - for a savings of 21% in air conditioning costs.

Over 150 shade cloths to choose from, and we use only wood rollers.

#### Y's WAY TO A HEALTHY BACK

Millions of people suffer the pain of a "bad back". Eighty percent of back pain sufferers can be helped through the "Y"s program because their condition can be traced to a lack of general physical fitness. The exercises in the program were developed by a back specialist, Dr. Hans Kraus, M.D. The exercises are mild and gentle. Relief comes from stretching, relaxation and mild strengthening of the affected area. Course meets Monday and Wednesday evenings from 7:00 - 7:45 p.m. for 6 weeks. Classes will start January 26th.

"Today we know that the speed with which we age is determined not so much by time as it is by the way we spend time," according to Vincent Goglia, YMCA Physical Education Director. One important way to spend time is by exercising. "It is an accepted fact that regular physical activity is absolutely necessary for one's health; especially for people over sixty," Goglia continued.

The program is being offered at three sites in the area at no cost to seniors.

Introductory sessions were held this week. If you have any questions call the YMCA at 997-0734.

working in and with the Juvenile Court  
since September 1980.

Mr. Zeman says of his experience with  
the Juvenile Court: "If you can deal with  
the Juvenile offender in a meaningful way  
you can hopefully stop him from a life of  
Crime and protect the Citizens of the Com-  
monwealth from his more serious Crimes  
as an Adult."

He is looking forward to serving on the  
Advisory Committee and says of the task  
force: "It is important that the task force  
has input from the people who deal with  
the day-to-day problems inherent in the  
Juvenile Justice System."

Mr. Zeman and his family live in Rochester  
where he is active in Town Government.

## Chimney Care

### HOW TO PREVENT CHIMNEY FIRES

Amherst, MA. -- Chimney fires are on the  
increase as more and more Americans turn  
to wood stoves as a supplemental heating  
source during the cold winter months.

According to Robert W. Martin, farm safety  
specialist for the Massachusetts Coopera-  
tive Extension Service, keeping your chim-  
ney clean will prevent fires from occurring.  
"If creosote is allowed to build up on the  
inside of the chimney, it can ignite and  
cause a fire that could spread into your  
house," he said.

Martin recommends checking stove pipes  
and chimneys often for excessive soot  
or creosote, especially during the first  
wood burning season. One method of check-  
ing stove pipes is to tap on the pipe with  
a metal object. The sound will change  
from a metallic to a dull thud as the creo-

sote builds up inside the pipe.

Checking the chimney means inspecting  
the flue. For a straight flue, open the  
cleanout door and use a mirror to look  
inside. For flues with bends, carefully  
climb onto the roof and look down from  
the top. If the joints of the tile liner or  
prefabricated chimney are indistinguish-  
able, then it is time to clean the chim-  
ney, Martin said.

Martin noted three ways to keep creosote  
build-up to a minimum:

Use only dry, seasoned logs. Green wood  
produces large amounts of creosote.

Locate the chimney on the inside of the  
house if possible. An exterior chimney will  
keep the flue cooler, causing a larger build-  
up.

Keep a fire hot enough to keep the flue  
warm. Smoldering fires result in dense  
smoke, which carries the most creosote.

Having a hot fire 15 to 30 minutes every  
day will burn off the daily accumulation of  
creosote. This process must be started  
with a clean chimney, Martin warns. "If  
you have any build-up when you start using  
this method, you probably will have a chim-  
ney fire."

# ENJOY THE SNOW

*A few inches of snow turn any backyard, field, park, golf course or street into a cross country ski area. Just put on your skis and go.*

Cross country skiing can be a leisurely walk around the neighborhood or a vigorous mountain adventure. It can be the simple exhilaration of experiencing winter outdoors or the satisfaction of overcoming self and time in a cross country race. Cross country skiing can be a solitary experience or it can involve the warmth of friends and family. It can be powerful, graceful motion or silent, slow meandering.

Cross country skiing can be all of these things. It is one of those rare activities that can constantly change as the needs or desires of the doer change. A few inches of snow can turn any backyard, field, park, golf course or street into a cross country ski area. Just put on your skis and go.
